

Dear School Administrator,

Smart Tuition recognizes the importance of providing secure, industry-leading payment technologies. Information that you provide us is governed by your school's privacy policy and can only be accessed by authorized associates and only for the purposes of providing services to you or your school. Smart will not divulge personal information to any outside entity unless ordered by law. Internally, all payment data is encrypted using 256-bit encryption – the industry standard for financial institutions. Smart employs physical, electronic and procedural policies to protect this data. Smart is Payment Card Industry (PCI) compliant and each element of Smart's business that involves handling confidential information or fund management (i.e., data entry, transaction processing and banking, and data storage) has undergone an independent SAS70 audit and found to be in compliance with all applicable federal and state laws.

Respectfully yours,

Marissa Torsiello  
Senior Director of Operations  
Smart Tuition
